

# SAJETA ART&MUSIC FESTIVAL

Invitation for participants

## **International Volunteer Camp “SAJETA”**

Tolmin, Slovenia, 03-12.07.2023.

Art & Music Festival Sajeta invites all interested volunteers to join us in Tolmin, Slovenia, for 1 week, from 03. 07. to 10. 07. 2023, and experience being a part of creating a festival.

With 23 past editions, Sajeta established itself as one of the most prominent art festivals of this type in Slovenia. It is a place of encounter for various artistic practices and experiences with music as its central component. By deviating from the typical festival outline, Sajeta comes with a rather special character; each year with its carefully selected program of all styles and genres it endeavors to satisfy its curious visitors and tries to create a harbor of creativity and diversity in the specific natural setting. This year's slogan is **“Clean your space for a better place”** so we will also focus on sustainability, which has always been a very big part of our identity.

Tolmin, where the event takes place, is a small town situated at the foothills of the Alps, in the River Soča Valley. Besides the beautiful nature in all the shades of green imaginable it is a popular destination for those who like sports, the common ones as hiking or cycling, and the extreme ones as canyoning or paragliding. In the summertime, Tolmin comes alive with the festival season, as it is a world-known venue for 5 different festivals, Sajeta being the oldest one.

We offer you one week of staying in the beautiful natural environment by the confluence of two emerald-green rivers, a selection of high-quality alternative musical concerts, and an opportunity to acquire new skills for free, at diverse workshops we organize as an addition to the festival. A very important aspect of volunteering that we provide is work experience, meeting new people, and creating new opportunities for yourself. It can be a good opportunity for those of you who are interested in working in the field of art, as we work
